ATEX Instrumentation

Intrinsically Safe

- In line strain gauge amplifier - ALA5
- Zone 0
- Ex II 1 G EX ia IIC T4
- IP67 Sealed

Ex Explosion protection
II Equipment group: industrial
1 Equipment category: very high protection
G Hazard: gas atmosphere - zones 0,1 and 2
ia Intrinsic safety
IIC Hydrogen/Acetylene gas group
T4 Surface temperature <135°C

- OEM PCB version - ICA5ATEX
- Operating Temperature -40 to +85°C

ATEX Instrumentation

High Performance

- 2 wire 4-20mA loop output
- Fast calibration via gain and offset trim
- Bridge impedance min 350 Ohms max 5000 Ohms
- Reverse polarity & short circuit protected
- Robust Stainless Steel Housing
- Pre-Wired
